# FOUNDATION MISSION & HISTORY

As Seminole County Public School's direct-support charity, The Foundation has raised over \$50 million to help ensure that today's students become tomorrow's productive citizens.

We fund priorities of the school district in the following areas: improving student achievement, investing in our educators, and removing barriers to student learning. By supporting The Foundation, you will help build a brighter future for our students and for the community!

## **SUPPORTING SEMINOLE COUNTY PUBLIC SCHOOLS**

Since its inception 25 years ago, Arts Alive has distributed more than \$1.9 million to support programs within Seminole County Public Schools. Thanks to the generous support of local businesses and individuals, funds raised will continue to support school and district programs in the areas of the visual and performing arts, STEM, scholarships, essential supplies for students and more.

# LETTER FROM OUR SUPERINTENDENT

The  
**FOUNDATION**  
For Seminole County Public Schools

Special thanks to all who have graciously donated to this year's 2021 Arts Alive event. We greatly appreciate the overwhelming support we receive from our Central Florida community. The funds raised from this event go a long way towards helping a variety of programs sponsored by The Foundation for Seminole County Public Schools (SCPS), which ultimately help fulfill several areas of need throughout our district. SCPS remains a premier national "A"-rated district because of the ongoing support from the many caring individuals and engaged local businesses who value the importance of a strong public education system. We are one of the main economic engines of Seminole County and a major reason many of our families have chosen us as their destination to live, work, play and be educated. Our goal remains to continue our trajectory of success and achievement for many years to come!
